YOUNG LIFE MUST END SOON

DEATH FROM CANCER faces two-year-old Dean Ault, of Seattle, Washington, who has already had one eye removed because of cancerous infection which is now threatening other eye and brain. Mystery telephone call from New York doctor's son yesterday, however, asked details and held out slim hope for child. Thousands of gifts have been showered on him, including special Lucky Lady.

Oil Lands Sold For \$748,486

27 Quarters Sold
Bring Top Price
Of \$117,777 for One

Cash bonuses for petroleum and natural gas rights on 27 quarter sections in central Alberta netted the provincial government \$748,486 yesterday.

The sale was the last for the year. Top price paid was \$117,777 by Calgary Standard Co. for the southwest quarter section of 28-28-30W in the Stettler area. The rest of the section on which 22 oil was discovered by the British Empire Development Company. Northwest quarter of the section went to the same company for \$102,103.

4 Killer .22

Second Conviction In Gardener's Death

Hong Shuey Chin, 36-year-old Edmonton Chinese, today was sentenced to be hanged Feb. 22 for the Oct. 8 murder of Sam Kee, North Edmonton market gardener.

The supreme court jury brought in the verdict at 12:21 after deliberating 55 minutes. He is the fourth convicted killer sentenced to hang the same day.

Chin's partner in the murder, Joseph Gilbert, was sentenced to be hanged on the same day when his trial ended Tuesday.

When asked by Mr. Justice C. McLaughlin if he had anything to say before sentence of the court was passed on him, Chin stood up and with head down said: "I have nothing to say my innocent."

"I still maintain I am innocent."

It is believed that the conviction of Chin together with Gilbert has established a record for executions in Canada since the death of a Saskatchewan jail.

FOUR TO HANG

Without intervention of the authorities for inquiries or consultations of sentence, four convicted murderers will die on the gallows in the early morning of Feb. 22.

Mr. Justice C. McLaughlin, in his charge to the jury, said there was no immediate verdict possible in the case of Chin.

"There is no manslaughter in this case. It is either murder or nothing," said the judge.

Last Tuesday Mr. Justice McLaughlin passed the death sentence on Joseph Gilbert, 32, who was jointly charged with Chin in the murder of Sam Kee, a market gardener.

His Lordship told the jury that he must be satisfied of their own possible credulity in believing (Continued on Page 2)

Farm Unions Settle Break In Own Ranks

Formerly Union of Alberta will be represented by six directors on the board of the Alberta Federation of Agriculture.

Delegates to the ninth annual convention of the FFA today settled by vote an argument which threatened to bring about a wide open split between the AFA and its member organizations.

For two hours today delegates thrashed out the question: Should the FFA—when, including three former farm organizations—be represented by six directors or three or four?

AFA President Roy C. Marler told delegates "there is no big deal here."

He said he wanted to see the convention "congratulate" by letting the FFA have six directors for this year alone.

The convention voted in favor of an amendment moved by Mr. R. B. Gunn, of Furber, that the FFA would be represented by six directors for one year, the number then to be reduced to three, one of whom must be a woman.

NEW DIRECTORS

With the FFA question settled, the convention named these new directors:

Keith, Alex. of Hualien; E. H. Keith, Bonanza; H. C. Marler, Bonanza; W. V. Kasper, Bonanza; Donald MacLeod, Lake Isle; George Church, Balcarres; Phil Baker, Lethbridge; Carl Simpson, Edmonton; Mrs. E. L. Lowe, Namsis; Mrs. B. B. Gunn, Furber; George T. McIntosh, Fairbairn; J. L. McInnis, Drummond; K. J. Halden, Halden.

Mr. Simpson, president of the FFA, moved with Mr. Marler that "we must put our house in order."

Girl, 15, Survives 96 Hours In Bush

LONGVIEW, Wash., Dec. 16.—(BUP)—Ruth Aberle, 15, said today her Girl Scout training saved her life in the state's worst wilderness.

Ruth was found in a deserted cabin yesterday by a search party. She had been missing for 96 hours. She had been searching for a 10,000-foot section of the Pacific Northwest coast.

"I wondered if anyone would ever find me," she said. "I wasn't very old, in fact, I was a little bit young. I've been living on water, and I'm hungry."

EXHAUSTED

Ruth became separated and lost from view of her school companions Sunday afternoon while hunting for Christmas trees.

When found the girl was exhausted and suffering from shock. But she was able to walk 15 miles to the nearest road where an ambulance brought her here to the County Clinical General hospital.

"She's in pretty good shape," observed a physician yesterday. "She's exhausted and a little feverish, but she's come through it pretty well. She needs rest."

The pretty brunette stumbled 13 miles through the forest Sunday afternoon to the 12 by 12 foot cabin where she found shelter from snow and rain.

She stayed at the cabin with the hope that searchers eventually would stumble on it as she had. Ruth took up the search for the find her.

Winds Pile Fresh Snow On Alberta Roads, Rails

Late News Flashes

Wheat-Bacon Deal With U.K.

OTTAWA, Dec. 16.—(CP)—Decision has been reached to defer shipment of approximately 10,000 bushels of wheat during the current crop year to provide the United Kingdom with dollars to buy Canadian bacon in 1950. It was learned today. This would make between \$15,000,000 and \$20,000,000 available for bacon.

Aluminum Company Gets Rights

VICTORIA, B.C., Dec. 16.—(CP)—A license has been granted the Aluminum Company of Canada for water rights on two British Columbia rivers. The company has plans for a \$300,000,000 aluminum development.

CIO Raps Left-Wingers

WASHINGTON, Dec. 16.—(BUP)—CIO President Philip Murray today notified six left-wing CIO unions they no longer are in "good standing" with the big union because of non-payment of dues.

Provinces to Pay Land Costs

OTTAWA, Dec. 16.—(CP)—Reconstruction Minister Winters said today the federal government does not intend to share the cost of buying the land through which the proposed Trans-Canada Highway is to run.

Israel Sets Move Deadline

TEL AVIV, Israel, Dec. 16.—(UP)—Premier David Ben Gurion today set New Year's Day as the deadline for transferring the government to Jerusalem.

Store Closing Law Challenged

VANCOUVER, Dec. 16.—(CP)—Validity of Vancouver's all-day Wednesday closing law was challenged by the Hudson's Bay Company. It will keep its store open next Wednesday, R. E. Standfield, general manager, announced.

Crash Reports False, City Pilot Uninjured

Reports of serious injury to a radio message from Lonsdale at Edmonton in a plane crash near Grande Prairie are totally unfounded.

There has been no crash and Lonsdale is today flying from his base to Trout Lake.

According to an RCMP announcement in Edmonton today, original report of the crash and injury to Lonsdale was the result of the garbling of a radio message from Lonsdale, near Grande Prairie, Dec. 8.

Forestry officials said the crash

Transportation systems today looked back on their first battle with winter.

Heavy snow slowed highway traffic and in Edmonton sweepers were out for the first time to help keep street cars moving, while railway and gas buses, schedules out of the first fall of the winter brought five inches of snow to Edmonton district.

Temperatures were comparatively moderate, with three below in Edmonton.

Travel on country roads, except the main highways, was considered inadvisable.

The storm was extensive but rail yards reported no serious stoppage. Trains were running up to two hours late, much of the delay attributed to heavy traffic.

WIND DRIFTS

Wind drifts built the dry snow into drifts.

Reports this morning indicate light snow was expected to be intermittent throughout the day. By 8:30 this morning there had been over 29 hours of continuous snow in Edmonton district.

The storm has been moving continually southward, until it now covers all of Alberta and most of Saskatchewan. The centre of the storm arrived at Prince George, B.C., Wednesday afternoon and reached Edmonton early yesterday morning. There has been three days of continuous snow in the Prince George region and last reports indicate 20 inches has fallen.

Frequent for this is occasional light snow. Colder, wind north-east at 15. Temperature steady near zero tomorrow day. Outlook for tomorrow colder, with a low of 10 below forecast for tonight.

Editor Heads Film Board

OTTAWA, Dec. 16.—(CP)—Chances to smothering criticism of the government over the National Film Board have been ended.

Mr. Arthur Lewis, 61, editor of McLean's magazine will be appointed commissioner, replacing Rex McLean, whose three-year contract expires Jan. 9.

Mr. Lewis said in Toronto he had accepted the job. The appointment was a "free hand" in film board matters and will receive a salary of \$15,000 yearly. Mr. McLean's salary has been \$8,000.

Egg Prices To Tumble

Drop of 12 cents in Grade A large egg prices will be effective in retail sales Monday. Other grades will follow suit.

Today egg price quotations to producer sold from 40 cents to 50 cents for Grade A large; 36 to 38 for Grade A medium; 32 to 34 for Grade A small; 28 to 30 for Grade A extra small.

Wholesale and retail price drops will take effect Monday. As present supplies are depleted, Grade A large eggs will retail at 42 to 45 cents.

Present price is 32c to 34c.

Philippines Battle Takes 15 Lives

MANILA, Dec. 15.—(AP)—Casualty headquarters last night reported 15 men were killed and 84 are missing and presumed dead in an encounter today between government forces and Moro outlaws on Jolo island in the southern Philippines.

Race Entries and Jockeys on Page 8

BADGES OF HONOR

Even Scribe Shaveless On New York's Dryday

By FRED (FUZZY) KERNER
Canadian Press Writer

NEW YORK, Dec. 16.—(CP)—Today, for the first time in my memory, I came to work wearing—among other things—a dry-day shave.

It's not that I got up too late to shave—I'm wearing New York's "hedge" of foam on this dry Friday.

There was no raised eyebrow from the boss as I arrived this morning briefly under the towel. The boss had no objection—he hadn't shaved either.

(Oh him, it improves his appearance.)

Take it from a slave of the razor: New York's shaveless, shaveless Dryday is a wonderful idea. Well, it's an idea.

My wife suffered a minor injury when I kissed her goodbye this a.m. and gave me a dirty look as she rubbed her husband and scratched cheek.

"Now, now," I said. "This is a badge of honor. It says so in the papers. If you know how it

passed me to omit by usual cold shower."

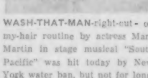

"Hah!" she cut in. "You haven't had your morning shower yet."

"... How much it grieves me to go forth shaveless."

In the subway I stared suspiciously at men's faces—a shower from my morning routine of starting at dawn. Most New York males had it in them. They had shaved. Some of them no doubt used electric razors, but most, I suspect, just aren't

Exhibition Has Profit Of \$36,082

Hockey Club Shows \$1,031 Surplus For '48-'49 Schedule

WASH-THAT-MAN-right-out-of-

Major routine by actress Mary Martin in stage musical "South Pacific" was hit today by New York water but, not for long. Miss Martin said she would wash hair in soda water today and on any other Drydays ordered.

It Happened TODAY

Compiled by Charles MacFarlane
Bulletin Telegraph Editor

And Then There Is The ETS

Charlie Hirst of London, Eng. has fallen off 300 buses, but never suffered more than a bruise. For one day he is a clumsy passenger on a five-man accident prevention team which tours 48 London bus garages. His job is to show busmen how boarding and alighting accidents occur and how they can be prevented. Rubber pads on elbows, shoulders and knees keep Hirst from injury. A word to the wise, Mr. Ferrier.

His Kingdom For Some Glasses

Philip Sauber groped his way around his Detroit hat today wishing the police bandit who paid him two visits would return with at least one pair of his glasses. Sauber told police the robber first visited him in 1946 and gently removed his thick lensed glasses along with the money from his hat. The bandit showed up again yesterday, pocketed the specs once again, and removed \$503. "I'd like to get at least one pair of my glasses back," Sauber moaned.

Folk in Victoria today are speculating on the latest mysterious high speed object hurtling through the skies over the B.C. city. Twice within ten days objects moved at high speeds over the city, 2,000 feet in the sky. RCAF says it "may have been one of our jets." But Victorians are sceptic. They've seen jets before, and these don't look the same.

Note Aside to Annis Stuhus

Kalachi, Sarmale and Ghebevi, although imports, are not backfingers for one of Canada's rough teams. They are food delicacies from several European countries, recipes for which are being gathered by the Canadian National Youth Council for its cook book, due to roll from the presses soon.

Dept. of Incidental Information

Canada Savings Bond sales for the fourth series totalled nearly \$200 million up to the end of November.

The Royal Canadian Navy says there has been a marked increase in the number of Japanese mines drifting in on the B.C. coastline. The Navy says only seven were reported during 1948, of which three were destroyed. It didn't say what happened to the seventh.

Tragedy, Rescue and Search

Two-and-one-half-year-old Linda Donaldson of Regina drowned in Wascana Lake, and a four-year-old boy was saved from the same fate by his mother. Little Calvin Johnson was rescued when his mother set out to look for the pair and saw Linda floating about in the water. As Mrs. Johnson tried to pull Linda from the icy water, Calvin fell in. A passing motorist pulled Calvin from the lake, but it was too late to save Linda.

Three-year-old Sandra Johns was rescued from the muddy waters of Swan Lake, Manitoba, today after she became stuck in the mud and ice. Alex Burtinik, who was hauling ice from the river, spotted the tot and pulled her to safety.

RCAF search and rescue outfits at Halifax received a call today for assistance in locating two Eskimos adrift on an ice floe in Hudson Bay since Monday. A Hudson's Bay official said the Eskimos and their dog teams are floating about 20 miles south of Cape Smith Island.

Cheese, Potato Price Supports Are Sought

OTTAWA, Dec. 16.—(CP)—Agriculture Minister Gardner today was asked to support the price of cheese and potatoes during 1950.

Spokesmen for Canada's potato and cheese producers today followed each other into Mr. Gardner's office asking that in view of anticipated price dealings, the government put a floor on these two products.

Mr. Gardner made no announcement after all-day conferences with three Maritime agricultural groups, and the executives of the National Dairy Farmers Association.

Piling up on top of the requests to shift out government money for food price-support, are others by the Canadian Federation of Agriculture, asking for a floor price on eggs and on bacon, if a similar bacon export agreement with the United Kingdom does not develop.

Dairy farmers already have filed the cheese problem before Mr. Gardner in a brief presented to him last Dec. 2.

URGENT PURCHASES
It urged that the government, through operation of the Agricultural Prices Support Act, purchase sufficient cheese and bacon to meet all commitments for the U.K. The farmers asked that the government fix the price of cheese at 10 cents a pound, and any lower price reached in agreement with the U.K. be absorbed by the federal treasury.

Dairy experts believe that with the 27,000,000 pounds of surplus this year, Canada may export 100,000,000 pounds of surplus about 100,000,000 pounds of cheese by the end of 1950.

The U.K. has allocated dollars to buy Canadian cheese next year, but the price-governed U.K. will pay \$40 in the basis of negotiation. The U.K. would like the price to drop to about 25 cents a pound.

Violent Outbreak

MANILA, Dec. 16.—(AP)—More than 100 men today engaged in a violent outbreak in a new outbreak of violence in the southern Philippine province of Mindanao, with several persons reported today.

Censorship Over

KINGSTON, Jamaica, Dec. 16.—(CP)—The government today announced censorship of all mail to and from Jamaica which it had currency to stop a dollar shortage.

TROPHY for outstanding public service in aviation over the past 32 years goes this year to Charles A. Lindbergh, famed Lone Eagle. Award was made at annual Wright brothers memorial dinner in Washington, Dec. 17. Lindbergh became a national hero overnight in 1927, when he made first nonstop solo flight across Atlantic.

Canada Asks Russ Attitude On Atom Rule

LAKE SUCCESS, N.Y., Dec. 16.—(CP)—Gen. A. G. L. McNaughton intends to find out just where Russia stands on the atomic problem.

The Canadian diplomat-soldier-scientist has called a meeting for Dec. 20 of the Big Five powers and Canada to continue secret talks seeking agreement on international atomic controls.

The UN assembly which ended Dec. 18 directed Britain, United States, Russia, France China and Canada to carry on with the discussions started last July. The next meeting, with McNaughton as chairman under a rotation system, will be the 12th.

NO CHRISTMAS GIFTS

Nobody expects agreement to arrive as a Christmas gift. But hope for an end to the impasse is implicit in continuation of the talks started when Mrs. 11-monther Hirst atomic energy commission began today in the deadlock.

McNaughton indicated that Russian statements at the assembly were ambiguous, adding "it is my intention at the next meeting of the six permanent members of the atomic energy commission to ask the Soviet representative whether there has been any change in his government's position and, if so, what it is."

The Bulletin's Travel Guide

CRS—Train No. 1 from Montreal arrived at 8:40 a.m. 1 hour late.
CPB—All trains on schedule.
NAB—All trains on schedule.
TCA—Flight No. 8, arrived on schedule, but failed to make connection in Calgary with Flight from Montreal. All others on schedule.
CPA—All flights on schedule.

Main route in Alberta are possible in heavy snow and slushy, with traffic slowed to 10 miles an hour in some areas.
Heavy snowfall is reported on all main routes, but some in Alberta and the Peace River district, and east to Vancouver and Victoria.
Roads to the Calgary area are busy, but snowed out of the area. A number of motor vehicles and some of a national mail and express service are being held up in some places.

HIGHWAYS

Here's a gift that will really "ring the bell" with any man! Gillette Blade Dispenser gives the cleanest, most comfortable shaves ever, and the handy Gillette Dispenser takes the fuss out of blade changing. A thrust of the thumb—and ZIP—there's an unwrapped blade ready for use in any Gillette Razor. Yes, it's a gift that provides real shaving luxury for months to come.

Border Crossing Rules Reviewed

U.S., Canada Confer On Bars Against Canadians

OTTAWA, Dec. 16.—(CP)—The external affairs department expressed hope today that a way has been found to "reduce to a minimum" the border bars the United States has placed against some Canadians whose entry would not be in the American national interest.

The hope sprang from a conference in Washington yesterday between officials of the two countries. The department said in a statement that the U.S. had agreed that it is hoped that as a result of the conference individual cases will be referred to a minimum.

The conference was called after the U.S. denied entry to a number of Canadians because it felt their entry would not be in the interest of national security. External Affairs Minister Pearson announced recently that Canada had asked for steps to clear up the situation.

The department said the meeting reviewed "immigration and customs procedures affecting travel between the countries."

"It was recognized that only a very small proportion of individual border crossings, which number many millions annually from each side, give rise to any difficulties. The causes of possible and existing difficulties were examined in a frank, friendly and co-operative spirit within the framework of the laws and regulations of both countries."

The meeting explored the possibilities of the improvement of administrative practices which might serve to facilitate border crossings and thus maintain, to the fullest extent, the traditional freedom of international movement.

U.S. officials from the State Department, Immigration and Naturalization Service and the Bureau of Customs conferred with representatives of the Canadian embassy in Washington, the Department of External Affairs and the Immigration Service in Ottawa.

Chinese Fourth To Die Feb. 22

(Continued from Page 1)
The testimony given by the two accused against one another in the matter of responsibility for the death of his own countryman.

He reviewed briefly the accounts of the early part of Oct. 8, when the two entered into an agreement to steal money from the hidden somewhere on Kee's premises.

Both had been each other for investigation of the case.

Gilbert had called in a truck and China accompanied him to a location near Kee's buildings. From there, they had proceeded together to the room house and had entered it together.

Gilbert blamed China for allegedly having placed a manila sack over the head of Kee after Gilbert admitted that the victim's wrist and feet.

He asked the jury to consider the story given by China that he had had no part in violence to the victim, and that the accused was "horrified" as seeing violence.

QUICKIES —By Ken Reynolds

"THERE'S no use getting an expensive watch—It's just lost and you'll be offering rewards for it in the Bulletin Want Ad."

Recognition

LONDON, Dec. 16.—(Reuters)—Further consultations among commonwealth governments will determine the extent of British recognition of the Chinese Communist government. It was learned from reliable sources.

Grounds For Acquittal

Crown Prosecutor W. J. Shortreed, in his address to the jury, said "We know that Kue was killed, and that the killing was culpable homicide."

He said Kue was attacked and killed, and that the house of Kue was burglarized.

He reviewed the murder from the beginning when the two agreed to enter a place to go to Kue's place together.

He emphasized that the plan was based on the fact that Kue was a man of good character.

He noted they had met together, discussed the plan together, left together and walked into the room house together.

He noted that a sack was placed over head of Kue and a rope that retained the sack in place caused the strangulation of Kue.

"They were guilty of murder whether they intended it or not," charged Mr. Shortreed.

"I do not know what placed the sack over Kue's head or who tied him up."

Defence of Chin was conducted by Walter J. Beaumont, who stressed the testimony of the accused that he had asked Gilbert to return and undo the bindings on Kue's feet and wrists.

"Can his friend or he will die," was a remark attributed to Chin when they returned to the room house and looted the house.

INTENDED NO HARM
His address to the jury stressed the plea by Chin that while he admitted his part in the looting, he was not at all intent on the thought of occasioning bodily harm to Kue.

Stricken with fear when he saw the trustworthiness of Kue, Chin accepted the victim's plea from Gilbert and had entered the house.

This, contended Mr. Beaumont, was to give the appearance of a search after Chin had deliberately stolen a few things about the floor as a subterfuge to deceive Gilbert and to get away. He claimed the most against Chin would be attempted.

Consul Denied Medical Service

WASHINGTON, Dec. 16.—(AP)—General Angus Ward reported today that he and his United States consulate staff at Mukden were threatened with firearms and denied medical services by the Chinese Communists 10 months before they were freed.

Ward, a native of Alton, Ont., now is en route to Japan aboard an American merchant ship, after having been ordered out of China by the Communists.

He related a detailed report on his treatment to the state department.

'Teen Age Trio Held By Police

Group Detained After Edmonton Store Entered

Three teen-agers were charged with shopbreaking, supplying liquor to a juvenile and possession of stolen goods today in court.

In police custody after Capital Store Express store, Jasper avenue and 130 street, was broken into early today are three teen-agers and one boy, all of whom, addresses not known.

Another girl, a juvenile, has been handed over to the juvenile authorities.

CHARGES LAID

Charges of shopbreaking, retailing stolen goods and supplying liquor to a juvenile were laid against Roy and Richard Howland.

Miss Lukens was charged with shopbreaking. The trio was released to the Dec. 14 without bail and held at \$1,500.

Police picked up the group while they were eating breakfast in a nearby cafe.

John Friess, Printer, Dies

John Joseph Friess, 38, of 1104-10 street, died unexpectedly this morning in hospital after a brief illness.

Mr. Friess, a member of the Edmonton Bulletin typographical staff, had been a resident of Edmonton for the past 21 years and was active as a member of the local Typographical Union.

He was a member of the Knights of Columbus.

Survived by his widow, Mrs. Barbara Friess; two sons, Robert of Edmonton, and Leonard of Yellowknife; three daughters, Dorothy, Marion, Edna; two brothers, George of Vancouver and John of Edmonton; two sisters, Mrs. A. Garver, Edmonton, Mrs. M. Moser, Medicine Hat, and Mrs. J. West of Whitefish, Alberta.

Funeral service will be held Monday at 10 a.m. at the Alhambra Church, with the Rev. F. C. Cunningham in charge.

NEW WATCH FOR MAYOR

Mayor Sid Parsons is today sporting a brand new gold watch—thanks to Bricklayers, Masons and Plasterers' Local No. 1, T.I.C.

Last night union president Frank RICH presented it in appreciation of his long period of service on the executive.

Mayor Parsons retired as a month ago. Ceremony was held at Labor Temple.

Unemployment Figs

In Edmonton male jobless this week numbered 2,514, an increase of 300 over last week's 2,210, while female jobless dropped 65, from 1,833 to 1,768, unemployment insurance commission officials reported.

City of 110 over last week's 1,047.

Cromdale School May Be Shelter

End of the prolonged city-provincial squabble over provision of an adequate temporary children's shelter may be in sight.

Following a meeting of the city's welfare committee with provincial welfare officials last night, Mayor Parsons said today he thought the old Cromdale school, not be forced up with reasonable requirements to meet provincial requirements.

The joint session considered complaints that while the former school building has been used as a temporary shelter, it does not meet conditions of the Alberta act.

Mayor Parsons said welfare department officials will study the situation and report to the welfare committee of city council.

Minor Accidents

Attributed To Ice

Ice streets are taking their toll of minor accidents.

City police this morning reported that more than 20 minor collisions have been caused since 11 hours. "We've got our hands full of them," said one police official.

Six trucks have been derailed by the ice. One very large truck is being towed to combat the hazard with axes and cable cutters.

The Canadian Bank of Commerce has 300 branches across Canada.

FIRST SNOWFALL, yesterday brought hazardous conditions for Edmonton motorists but day passed without serious mishaps. In city, Lake Alfred Hansen, 6417 112 Avenue, drivers took no chances when visibility was poor.

Missing Ranger Found By Indian

Thomas Anderson, assistant forest ranger at Little Red River, was rescued this morning by an Indian after overdue for six days on a dog-team trip from Fort Vermilion.

Anderson was brought to safety at Little Red River and is suffering frostbitten fingers as a result of exposure.

He left Fort Vermilion Dec. 4 for Little Red River, 50 miles down river from Fort Vermilion where he was to take over his new post as assistant forest ranger.

A leg injury sustained early in the trip kept him camped on the trail for six days before he was rescued by the Indian and taken to Little Red River.

Five search parties had been combing the area and the forestry department yesterday called for volunteers to aid in the hunt.

Anderson's condition is reported to be "good".

Edmonton's Society for the Prevention of Cruelty to Animals was given a \$10,000 permit for an animal hospital and living quarters building at 1221-47 street, Martland and Aberdeen are architects.

Standard Iron Works Limited took out a permit for \$12,000 alterations to their office at 107 avenue and 120 street.

Nearly 70 percent of Norway is uninhabitable and covered by mountains, glaciers, moors and rivers.

AND IN BRIEF

What Man Eats Is His Business

Maybe it's time beer parlors started serving free pretzels.

Police answered a hurry-up call to the King Edward hotel last night and found a customer chewing away at a beer glass.

Police said Anthony Bachmier, 127-12 street told them he had been demonstrating his ability to eat glass. He had taken three large bites out of one glass.

Police figured what a man eats is his own business and left.

Christmas dinners with all the trimmings were assured for 15 needy West Edmonton families last night when members of the West Edmonton Businessmen's association met to pack hampers.

President Jack Jewell supervised operations.

Edmonton's new West End liquor store at 121 street between 163 and 165 avenue, will open for business Monday at 10 a.m. A. J. Mason, Alberta Liquor Control Board chairman said today.

WENERS TO LEAVE

After four years on the staff of the Veterans' Land Act, Martin Wener has resigned and is leaving before Christmas with his family for California. Mr. A. J. McCallum has been appointed to succeed Mr. Wener as settlement supervisor of small holdings in South Edmonton.

Mr. Wener served as principal of Canora school and founder of Canora club.

INFINISITE MEETING

Conventual of school trustees of the Vegreville school division at Innisfree was addressed Wednesday by Dr. W. H. Smith, deputy minister of education, and W. P. Wagner, Edmonton, director of education. Ralph Wagner, Mannville, president of the trustees' association, was chairman.

Skating at the Highlands is in full swing. Registrations for fancy skating lessons have exceeded the maximum quota of 60. Mrs. Cliff Lee and Mrs. Frank Barrigan are in charge. Carnival will be held before Feb. 1. Date of the annual joint carnival sponsored by the Federation of Community Leagues.

WHAT A GIFT!

United Relief Donations Hit \$3,000 Mark

Total of nearly \$3,000 in city contributions to the United Nations Appeal for Children Fund has been recorded up to yesterday by officers of the Edmonton branch, United Nations Association.

The fund, in which some 20 countries have joined in support, is aimed at mitigating the poverty and suffering of 6,000,000 children in Europe, Asia, North Africa and many other war-devastated areas.

The figure included donations in present city campaign and those forwarded to Ottawa direct. Edmonton contributions are being received at post office box 333.

LEO INJURY

A leg injury sustained early in the trip kept him camped on the trail for six days before he was rescued by the Indian and taken to Little Red River.

Five search parties had been combing the area and the forestry department yesterday called for volunteers to aid in the hunt.

Anderson's condition is reported to be "good".

Aerial War On Coyotes

Alberta government will resume its aerial warfare on coyotes in January. Hon. David A. Ure, minister of agriculture, announced today.

Mr. Ure said two planes manned by expert hunters will be used to shoot the animals from the air above open territory.

Plane hunting of coyotes was started this fall under government contract, but was halted as a result of unfavorable weather conditions.

Consideration is also being given the possible use of poison in hunting coyotes, Mr. Ure said.

Election Ballots Go Up In Flames

Last evening's vote of the Nov. 21 civic election went up in flames at the city incinerator today.

Nearly a ton of balloted papers, counting sheets, and other election material was burned in accordance with provisions of the city charter.

City Clerk George Docherty said the charter calls for retaining all ballots, etc. for one month, and then destroying them in presence of two witnesses.

So today Sid J. Mac, Mr. Docherty's election assistant, and Fred Hilliard, watched the flames consume the evidence.

Club Will Help Salvation Army

"Put something in the pot, boy!" This will be the cry of Edmonton Compagnons as they help Salvation Army boys and ladies.

The election of Dr. Channing to the board of directors of the Modern Industrial Bank was announced yesterday by Henry Hargreaves, its chairman.

Dr. Tomlin is the first representative of his people to be elected to the board of directors of a major New York banking institution.

Mr. Hargreaves, former secretary of the treasury.

Asbestos Miners Lose Arbitration

Quebec Board Turns Down Demands of East Strikers

MONTREAL, Dec. 16.—(BUP)—A Quebec arbitration board has turned down wage demands by 5,000 asbestos miners who took part in a long and bitter strike last summer. The board's report was due to be released in Quebec City today.

The report urged the Asbestos Corporation to continue the 10 per cent wage boost at the Flintkote and Johnson mines granted over the miners' return to work last July after a five-month strike. It also recommended that the present labor agreement with the Asbestos Corporation be renewed for 1950.

TOWN TAKEN OVER

The strike resulted in several outbreaks of violence in the eastern township region. Strikers took over the town of Asbestos and held it for some hours against a strong force of provincial police. The report also turned down a union demand for elimination of dust in the mines, and left the matter to the discretion of the company, application of the Rand formula was refused on grounds it would force non-union workers to pay dues to a secular union; and the company stand that the strike and loss made it impossible for them to discuss any social security plan was accepted.

The report also turned down a union demand for elimination of dust in the mines, and left the matter to the discretion of the company, application of the Rand formula was refused on grounds it would force non-union workers to pay dues to a secular union; and the company stand that the strike and loss made it impossible for them to discuss any social security plan was accepted.

In October 1948 family heads were receiving assistance, compared to 1,377 at the beginning of 1949 and 2,115 in September of last year.

Total persons receiving assistance in B.C., including dependents, in October were 15,473. This compares with 14,006 at the beginning of the year.

Social assistance is costing the B.C. government about \$25,000 a month and municipalities \$50,000 a month.

ALSO DRUGS

Atomic Fruits Fed Animals

In New Probe

CHICAGO, Dec. 16.—(AP)—A strange garden of atomic fruits, forbidden to man but fed to animals and bacteria, is growing 25 miles southwest of here.

Its radioactive trees and plants are designed to grow answers to some of nature's hidden secrets. Out of them may come wise information which may make man live longer and be more free from disease.

Use of a new-type carbon, of greater-than-ordinary atomic weight, is being developed to produce radioactive drugs.

The scientific gardeners said today they are starting work on production of radioactive vitamins and radioactive vitamin B12, the vitamins which fight pernicious anemia.

Within a year they hope to produce radioactive insulin for use in medical studies of diabetes, and cortisone and ACTH, two hormones now in the pioneer stage of attack on arthritis and other ills.

Last Mainland Base Goes to Chinese Reds

By Arthur Gomb

TAIPEI, Formosa, Dec. 16.—(BUP)—The governor of the last Chinese mainland province under Nationalist control was reported today to have gone over to the Communists.

Reports from the mainland said Gen. Liu Wen-Hui, governor of Sikang province, announced his defection to the Reds.

Only last week the Nationalists said they would make Sikang their last mainland base against the Communists.

Digging in on Formosa for a final stand against the Communists, the Nationalist government last night appointed Princeton-educated Dr. K. C. Wu governor of the island in organized the civilian front.

PREPARE FOR SIEGE

Wu, former mayor of Shanghai, is regarded by Americans in the Far East as one of China's ablest administrators. The 46-year-old Wu has served as mayor of Hankow and Chungking, vice minister of foreign affairs and minister of information.

He announced that he intends to weld a united front against Communism, promote freedom of the press and other democratic ideals, improve the welfare of the people, establish rule by law and eradicate corruption. We will take over the government Dec. 21.

Gen. Su Lijun, American-trained commander of the Formosa's ground forces, expressed confidence that his forces can defend the island.

Su is believed to have 150,000 troops under his command. He said most were in good physical condition and all were well-disciplined. He said they needed more ammunition, mechanized equipment, vehicles, spare parts, blankets and shoes.

He expressed hope that the United States would not wait too long to recognize the new government.

Aussie Emcee Talks His Way Around the World and Back

VANCOUVER, B.C., Dec. 16.—(BUP)—Thirty-one-year-old Bill Arthur, master of ceremonies for the Australian Broadcasting Commission, has almost finished "talking himself" around the world.

Arthur left Vancouver today on the last lap of a year-long "con-versation" through 20 countries. His next stop is Hawaii, where he plans to spend the entire 26-hour CPA stop-over swimming off Waikiki.

Arthur left Sydney, Australia, last December with his life savings of £1,000, letters of introduction from Australian prime minister and foreign minister, a few clothes and a wire recorder. His assets to date are a mass amount of money—a year's supply of unique interview recordings—and a yen to go back home.

Arthur's idea was to tour the world looking for material for his "Over to Youth" program on the Australian Broadcasting Commission. Also he was to represent Australia at the Lingard, the world dramatic festival in Stockholm.

So he toured through Africa, once staying with natives, went to Stockholm, Sweden, to demonstrate Australian gymnastic techniques, and

Relief Costing \$375,000 Month Through B.C.

VICTORIA, Dec. 16.—(BUP)—Families needing social assistance in British Columbia are at the increase.

In October 1948 family heads were receiving assistance, compared to 1,377 at the beginning of 1949 and 2,115 in September of last year.

Total persons receiving assistance in B.C., including dependents, in October were 15,473. This compares with 14,006 at the beginning of the year.

Challenge Cup For Curling

MANNVILLE, Dec. 16.—Donation of a challenge trophy for competition will be approved at the annual meeting by members of Mannville Ladies Curling Club. Ladies curling in Vermilion, Fort Chipewyan, Mannville, Vermilion, and Mannville will be eligible to compete.

Mrs. J. J. Jones was elected president of the club, with Mrs. J. McLeckie and Mrs. E. Hubbard, vice-presidents. Executive members are: Mrs. W. W. Mervin, Mrs. R. Budzinski, and Mrs. C. Smith.

Mrs. E. Hubbard and Mrs. G. Maiseau were named draw committee.

Coyotes Escape

ESTHER, Dec. 16.—All coyotes escaped in the last hunt organized here, but the previous one had been a success. A bag of skins was taken.

Drumheller Kin Install New Officers

DRUMHELLER, Dec. 16.—Members of the Drumheller Kiwanis Club Tuesday night held their 18th annual Ladies Night and installation of officers in the Social Credit Hall. The event included a banquet.

Installation of officers saw A. M. Poxon, go in as president, A. O'Dwyer, past president, Fred Poxon, secretary, Ralph West, treasurer, Sid Smith as editor of the club publication and Charlie Brown as director.

Last terms staff of officers were: Charlie Brown, past president; A. O'Dwyer, president; W. L. Poxon, treasurer; Roland Winter, editor and C. Brown, director.

Drumheller Kiwanis sponsor the local Alberta tuberculosis Christmas Seal sale and recently they made application for land near the center of the city for the purpose of making a public park.

SETTLER, Dec. 16.—Dick Strandquist of Settler was the winner of the Poxon car race sponsored by the Catholic Women's League in connection with this group's annual bazaar.

40 Farmers Get Novel Xmas Gift

Rowley Rural Power Hookup Lifts District Total to 850

DRUMHELLER, Dec. 16.—Canadian Utilities Ltd. officials report here that work is being hurried on a line to give light and power to 40 farm homes in the Rowley district in time for Christmas.

The new hook-up, likely to be made this week-end, will bring the total number of farm homes enjoying light and power in this district to nearly 850, it was learned.

Power and light have been relayed into most of the farm homes in the area during the past 18 months through the efforts of co-ops and the facilities of the Canadian Utilities plant here.

Initial farm electrification projects here, raised as one of the first in the province, supplied light and power to 140 farms in the Smallwood district in 1942.

Over 60 farm areas throughout the province are at present drawing light and power from the facilities of the Canadian Utilities and the Calgary Power, an official pointed out. The "hookup" year for former customers was 1947.

Carrier Boys Of Bulletin Entertained

Bulletin entertained the carrier boys of Jasper and the town manager, Bill Barker, Dec. 15, at a banquet in the Astoria hotel followed by a picture show at the Chateau Hotel.

The boys were presented with wrist watches, flashlights, ballpoint pens and other gifts. The boys were presented with wrist watches, flashlights, ballpoint pens and other gifts.

Present at the banquet were: Mr. Barker, David Worland, Glen Clarke, Ray Butler, Alan Clark and Norman Hildren. Jerry Kitcher, Mayor of Jasper, and Mr. Barker, were guests of honor.

Plans were made for a Christmas tree for small children of Jasper.

LEARNING CORRECT WAY to jump from aircraft is Gnr. R. G. Hall of Calgary. He's member of B Battery, Royal Canadian Horse Artillery, now training at Rivers, Man., as Canada's first airborne artillery unit. One infantry battalion has already finished jump training at Rivers for proposed airborne brigade which Battery will join, and another battalion also is training there. Lt. A. Matheson of Vancouver, paratroop instructor, is showing Bdr. E. S. Cole of Kingston and Gnr. K. H. Tait of Winnipeg proper stand for making jump.

Former Detective, Girl Arrested in Jewel Theft

PM SEEKS PEACE FOR HIS 14 GRANDCHILDREN

BOSTON, Dec. 16.—(AP)—Prime Minister St. Laurent of Canada said last night he wants his 14 grandchildren to live in a world where they won't fear "men or their machines."

He addressed the golden jubilee dinner of the Societe Historique Franco-Americaine and, speaking in French, said:

"Providence has given me 14 grandchildren. I dream of a world in which they would develop without fear of men or their machines. An airplane should bring joy to them and not bombs. A scientific discovery should be something for their profit, and not for their detriment. An idea should be fruitful and not a producer of hatred.

"We realize, however, that such a world can only come into being if we can count on the goodwill of all."

The Canadian leader told his audience that he could speak in French "because our two nations respect liberty."

Mannville Seeks More Fire-Fighting Units

MANNVILLE, Dec. 16.—Move is at present under way to provide Mannville with a new fire hall, three underground storage tanks and new fire-fighting equipment.

When plans and estimates are completed by the town council, the question of these improvements will be put before the ratepayers.

Members of the town council visited Viking Wednesday to examine new fire-fighting equipment recently purchased there, with a view

Lamont Division Reports Good Cash Balance

CHESHAM, Dec. 16.—Lamont School Division No. 16 showed a cash balance on hand of \$19,240.74 for the year ending Oct. 31, according to financial statement tabled at Wednesday's annual meeting.

W. F. Rose was elected chairman of the meeting and N. Woychuk secretary.

Trustees from all five subdivisions attended—Fred Stetter, Steve Gurba, John J. Kavyak, Lloyd Kaszubowski and George M. Hirschuk.

N. M. Purvis is superintendent of Lamont division and M. Woychuk secretary-treasurer.

There will be elections for divisional trustees in two subdivisions. In No. 1 Fred Stetter and W. O. Dofe were nominated and in No. 4 sitting trustee, Lloyd Kaszubowski will be opposed by N. W. Hirschuk.

Cold Lake Sees Boost In Tourist Traffic

COLD LAKE, Dec. 16.—With 28 miles at this end already gravelled, completion of highway No. 28 to St. Paul or Ashmont is expected to greatly increase tourist and week-end traffic to Cold Lake.

Deep and clear, this large body of water has in past years been one of North America's most noted trout fishing spots. Commercial fishing has lessened somewhat the fish life, but in March 1948, the Alberta Government closed the lake to commercial fishing and tentified its program for restocking by means of trout eggs and fry.

Since then a provincial inspector and guardian of fisheries, A. W. Daniel stationed at the lake, has poached on many a luscious panfish. Boating Cold Lake trout would always find a ready market.

Cheese Price Drops Likely

Canadians can expect a drop in cheese prices if United Kingdom exports market for eastern Canadian white cheese is obtained, Edmonton dealers believe.

It is likely that a surplus of eastern Canadian cheese will be available for Canadian consumption after 150,000 to 200,000 pounds of white cheese is sold to the U.K. under the proposed Canadian-British trade agreement.

Distribution of the surplus throughout Canada will likely reduce cheese prices to about the 50 cent mark, dealers believe.

Officers traced the shirt to Roberts, who worked here until recently in a bakery and at one time was employed as a collection agency investigator.

GIRL ARRESTED

Roberts was seized at Dallas. His girl friend was arrested here and held in the Ochiltree county jail after he implicated her.

Dallas County Sheriff Bill Decker said Roberts admitted that he broke into the store, entering through an air-conditioning duct. He said he found the jewelry near the store's back box.

Last night, Roberts led Decker and other officers to where he and the girl had hidden \$80,000 worth of the loot near Dallas.

When told of Roberts' admissions the girl led Ochiltree County Sheriff Ray Phagan to a deserted farm six miles south of here and showed him where they had buried another \$100,000 worth of gems in an empty log wallow.

Only one small value containing gems of unknown value was unaccounted for.

Decker said the 'jewels' found near Dallas had been buried in a deserted section near the city.

Most of the jewels were still in the cases that held them when they were stolen.

Cell-Mates Evidence Brings Murder Trial

WINNIPEG, Dec. 16.—(CP)—The floor of her home by boys collecting wood in her back yard.

Mixed Bonspiel

DRUMHELLER, Dec. 16.—Drum-beller curling season will open with a mixed bonspiel for members only says Len Matthews, president of the organization. Skins for the opening spilt, a pre-arranged affair, should be in hands of the curlers by the end of the week.

The preliminary hearing, which began late in October, was completed in 25 minutes after being adjourned because of the disappearance of a crown witness.

The witness, formerly known as "Mr. X," was identified today as 47-year-old Allan Cox, who earlier this week began a four-month jail term for four charges of fraud.

Cox was taken to court for a preliminary hearing, which began late in October, was completed in 25 minutes after being adjourned because of the disappearance of a crown witness.

The witness, formerly known as "Mr. X," was identified today as 47-year-old Allan Cox, who earlier this week began a four-month jail term for four charges of fraud.

RCAMC Parade

No. 36 CBR RCAMC unit pay parade will be held in Prince of Wales Armoured Corps at 8 o'clock. Battle dress, web belts and puttees will be worn.

Old-Time Glamour Gal Now Thing of Past in Hollywood

By Virginia MacPherson

HOLLYWOOD, Calif., Dec. 16.—(UP)—The old-time glamour gal's death is the latest in a series of changes that have taken place in the industry since the late 1930s, when she was at the height of her power.

She wouldn't have dared a few years back. Let the news leak out that a movie queen was just like any old housewife and she'd be lost out to the platinum-blond "it" girls who couldn't even scramble off her white bear rug without help.

"Those were all glamour props," Miss Carter sniffed. "Nowadays, we don't need 'em. Solid gold linings—no, leopard skin seat covers—exotic sex lives—there's all out of date."

"We scrub our faces. We look healthy. We even do our own housework," she added. "And the customers don't mind a bit."

"I can remember when... if a star talked about anything but how to drink champagne out of a slipper or what wild party she went on the night before... she was considered a little queer in the head."

This new trend goes for movie stars, too. Of which Miss Carter is one of the best. She has played the "other woman" character that she'd like to remember and she didn't insure her "bedroom eyes" for a million bucks because they make the girls thing of home and mother and good old apple pie.

"I just finished a sexy role in 'Married a Communist,'" she added. "Right after it was over, I went on a hospital tour. In the old days an actress wouldn't have considered mingling with wounded veterans. It wasn't glamorous."

Teacher Confused
SANFORD, N.C.—(UP)—Mrs. W. C. Harward, a fourth grade teacher at Deep River school, has a problem in identification. Among her 30 students are four sets of identical twins.

There's another big change that's creeping over Hollywood, Miss Carter said, although a few actresses haven't latched on to it yet. You can show a little intelligence now and not be run out of town on a rail.

"Big stars can actually carry on adult conversations these days," she said. "They're up on world politics, philosophy, best-sellers, architecture, interior decoration... They even know how to raise children."

"But I can remember when... if a star talked about anything but how to drink champagne out of a slipper or what wild party she went on the night before... she was considered a little queer in the head."

NEWEST LOVE TEAM, Gary Cooper and Patricia Neal, co-star in Warner Brothers' latest romantic hit, "The Fountainhead". From best-seller novel by Ayn Rand, "The Fountainhead" starts today at the Rialto Theatre.

Gary Cooper Is Star Of Feature at Rialto

Bringing to the screen one of the most absorbing and tempestuous stories of the past decade, Warner Brothers has adapted "The Fountainhead" from the famed Ayn Rand novel.

Starring Gary Cooper as Roark, the architect, and Patricia Neal as Dominique, the picture has been recognized as one of the most ambitious productions of the year.

"The Fountainhead" is the thrilling story of a young architect who fights against complacency and tradition in behalf of his own work.

Against the background of great and beautiful buildings, ultra-modern interiors of apartments and homes lies the smoldering love

Inside Hollywood

HOLLYWOOD.—(AP)—If fashion designers are serious about promoting the "boyish look," they can include Linda Darnell out.

"I'll have no part of it," says the busty glamor girl about the proposed return of the a-line silhouette of the 20s.

"I think it looks terrible. Besides, my unbecoming. My girls really ruined their figures for life when they had to bind their chests to get the flat effect."

"Why can't women look like women and eat like men? That's what makes life so interesting."

CANADIAN NOTES
Walter Huston keeps sighing that he's reached the age where he wants to do only one picture a year. But at 65, he plays tennis almost every day.

"I'm not much good," he says. "The Toronto-born star admits "You might say I play a casual game."

Greater faith had no wife. Jessica Tandy is investing some of her own money in the play of her husband, Hume Cronyn. It's called "One Day at a Time" and the Pacific Northwest are starting in it. The London, Ont., native is anxious to open the play at London's Grand theatre.

ODD BITS
Fred Astaire is now teamed with a girl who may prove to be his best dance partner—Vera-Allen.

Sask. Camps Called 'Filthy'
REGINA, Dec. 16.—(CP)—Members of Saskatchewan's tourist advisory council today criticized conditions in many of the state camps and other facilities provided for tourists and travelers.

Eric Knowles of Saskatchewan, a member of the executive, described some of the state camps as "filthy, disgusting places."

Britain Awarded Ships Damages

THE HAGUE, The Netherlands, Dec. 16.—(UP)—The International Court of Justice today ordered Albania to pay Britain \$2,500,000 for damages to two British destroyers when Albania mined the Corfu Channel.

The British destroyer Saumarez was sunk and the destroyer Volage damaged when they encountered the mines Oct. 22, 1946, in the channel between the southern tip of Albania and the Island of Corfu.

"Lesheri" hate take their name from the Italian port of Lesheri, or Livorno to the Italians, through which they long have been shipped.

U.S. Always Aware U.K. Can Make Bomb

By Howard W. Blakelee
NEW YORK, Dec. 16.—(AP)—The report of the London Daily Mirror that Britain has the A-bomb affirms a belief scientists have held.

This belief was first that Britain had the bomb, which was the first country after the United States to make A-bombs.

The London Mirror story does not say how long Britain has had A-bombs but indicates the first might have been made two years ago.

To scientists it was incredible that there could be any secrets of A-bomb structure from Britain. Sir John Cockcroft, who came to the United States to work on the American bomb project, was the discoverer of the neutron that splits the bomb atom.

Before him, Lord Rutherford gave the scientist world its first proof of what goes on inside of atoms that are emitting atomic energy.

When the second world war broke out, Columbia university's head of physics, Dr. George J. Program, went to Britain to discuss the possibility of Germany making an A-bomb.

What he and other American scientists learned then from British scientists was shortly afterward part of the evidence that stirred President Roosevelt to authorize the American A-bomb project.

British scientists in large numbers were part of the American scientific bomb teams. They were part of the staff at Los Alamos.

CPR Opposes Maritime Principle in Freights

OTTAWA, Dec. 16.—(CP)—Maritime Freight Rates Act of 1927, President Roosevelt of the governments of British Columbia, New Brunswick and the Maritime provinces opposed yesterday by the Canadian Pacific Railway before the Royal Commission on Transportation.

The CPR claimed directly with evidence in evidence of C. B. Jefferson, newly-appointed vice-president of traffic for the company, and in the delivery of portions of the C.P.R.'s main brief by Mr. Jefferson on the stand.

EVIDENCE GIVEN
His evidence and the Canadian Pacific brief was in opposition to a British Columbia government contention that there should be a radical change in the system of railway freight rates, making it bring in the "cost of service" principle.

A Saskatchewan government proposal that the principle of the

IN ONE SIDE and out other went tomato roasting into Hannibal, Missouri. Tornado tore apart front and side of this two-story brick home. Nine died in violent storm, which struck early this week.

Designer Sees Revolt In Male Haberdashery

By William Kaduson
UP Staff Correspondent
NEW YORK.—(UP)—Tony Williams, a grey-haired ex-diplomat who turned tailor to the social (male) register, thinks a revolution is coming.

"I mean," said Williams, whose suit set for between \$200 and \$300, "a revolution in men's clothing for the masses. In five years men will wear suits which have no creases, something along the lines of a black suit, yet containing the sleekness and formality of the shirt and trousers uniform of army officers."

Williams' customers, of course, will go on paying their \$200-\$300 for his suits, but he thinks the assembly line clothing manufacturers today make suits looking in imagination, appeal, design and durability.

That is the great advantage in buying custom tailored clothes, Williams said. If you can afford them, of course.

NOTHING DISTINCTIVE
"There's nothing distinctive in what the average man wears today," Williams said. One suit looks much the same as the next one. Men's clothes ought to be "strikingly colored, like women's."

In five years, he predicted, big men will rival the women for flashy styles and eye-catching colors.

That, if it happens, will be no threat to Williams' \$50,000 a year business as a custom tailor. Since 1933 when Williams, a Princeton graduate, quit the diplomatic service, he has been selling super expensive clothes to big shots in all walks of life, from captains in industry to playboys.

Roadside of willow trees are still being used in road construction in many sections of The Netherlands.

Truman Is Cool To Coal Proposal

President Said Miffed By Operators Publicity Move

By Merriman Smith
United Press White House Reporter
KEY WEST, Fla., Dec. 16.—(UP)—President Truman evidenced only disinterest today in the appeal from coal-burner operators to use the Taft-Hartley Labor Law to end the coal dispute.

The question was the president's yesterday asking him to put the Taft-Hartley law, head of which was John J. Winkler, head of the United Mine Workers.

They also asked him to order Attorney General T. Howard McGrath to explore the possibilities of protecting Lewis under existing anti-trust statutes.

COOLLY RECEIVED
The appeal might have received a friendlier reception here if it had not been issued for publication before it reached the president's desk at the winter White House.

As of a late hour last night, the president had seen nothing but press reports on the letter. The text itself had not reached him.

His top labor adviser, John H. Steelman, who is here with the chief executive, also had no official word of the appeal.

There was no indication here that the president would even acknowledge the coal query because it was made public before it reached him. His staff advisers operated on the theory that the letter to him was written for public consumption rather than for his consideration.

LABOR MONOPOLY
Joseph E. Moody, Southern Association president, accused Lewis of operating a "labor monopoly" which, he said, already has caused "economic disruption throughout the bituminous coal industry and now threatens the national economy."

He said the only hope for "the coal and the country" was government intervention on the side of management.

He suggested that Mr. Truman use the Taft-Hartley law to outlaw Lewis from continuing the three-day walk.

Government lawyers doubted if the president could do so since the 80-day injunction provision applies only to strikes or lockouts threatening health and safety. They noted, too, that the UMW's old contract stipulates that the minimum must work only when "willing and able."

The volcanic explosion on the island of Krakatau in 1903 created waves that dealt death to thousands along coasts hundreds of miles away.

U.S. Buying Up Turkey Prices

St. Thomas, Oct. 16.—(CP)—A sharp increase in the prices of live turkeys was reported today with buyers for the Detroit market in the district. Wholesale prices went up to 36 cents a pound for toms and 30 cents for hens compared with 33 cents and 24 cents early this week.

Parties To Print Financial Status

LONDON, Dec. 16.—(AP)—The House of Commons, after hours of bitter partisan debate, last night passed a government motion requiring all political groups to publish financial statements. The vote, in which the Liberal party joined the Labor government, was 210 to 104.

Korea To Buy Fertilizer Here

WASHINGTON, Dec. 16.—(UP)—Korea today received a Marshall aid grant of \$1,250,000 to buy fertilizer in Canada and the United States, the Economic Cooperation Administration announced.

France received \$450,000 to buy Canadian and United States agricultural equipment.

Enough to Cry About

SPRINGFIELD, Wash.—(UP)—Charles J. Hauden, testified in his suit for divorce from his wife Dorothy that she had threatened him with a hunting knife, struck him over the head with a wringing mallet and beat him with a broomstick until "I even cried."

Freshen the air in your home with a
GENERAL ELECTRIC HUMIDIFIER

This Winter, don't put up with the discomfort of breathing hot parched air that's dried-out by the heating system. A General Electric Humidifier in the home can restore the needed moisture to the atmosphere to keep you comfortable—even on the driest days—allowing your family to breathe

easily with far less risk of sore throats, coughs and nose irritations.

Remember too—that with adequate moisture in the air you do not require as much heat from your furnace to be comfortably warm. Proper humidification protects your furniture from drying out—cracking.

See the display of G-E Humidifiers at your Dealers—NOW

Record Crowd Sees Habs Thump Toronto Leafs 4-1

MONTREAL, Dec. 10.—(CP)—Montreal Canadiens defeated Toronto Maple Leafs 4-1 last night and took over sole occupancy of second place in the National Hockey League.

It was the only substantial home game.

Following game in which the Canadiens won 4-1, the Leafs lost 1-0 to the Canadiens in a hard shot-out goal by Bill Durnan.

Leafs' game-winning goal came in the 10th minute of the second period with a goal by Bill Durnan.

Sterling Payment Is Coldwell Plan

CCF Leader Criticizes Gardiner, Asks Reduction in Our Tariffs

OTTAWA, Dec. 16.—(CP)—M. J. Coldwell, national CCF leader, suggested last night a three-point program for improving Canada's trade with the United Kingdom.

He criticized government export policies.

Mr. Coldwell said agriculture minister Gardiner's statement to the House yesterday, outlining a conference outlining reduced U.K. markets was "an admission of the bankruptcy of the Liberal government's export policies."

"The Government's policy has been demanding that the British pay for Canadian exports in dollars," said Mr. Coldwell, "but at the same time the government is now asking the British simply have not enough dollars."

He urged that the government institute the following policies:

1. Accept payment in sterling for Canadian exports.
2. Increase British imports to Canada by tariff reductions and by reducing Canadian purchases in Britain.
3. Meet our own U.S. dollar deficit by cutting out luxury travel to the United States and by curtailing unessential imports from the United States.

1. Accept payment in sterling for Canadian exports.

2. Increase British imports to Canada by tariff reductions and by reducing Canadian purchases in Britain.

3. Meet our own U.S. dollar deficit by cutting out luxury travel to the United States and by curtailing unessential imports from the United States.

Prices Probe Is Ordered As Steel Goes Up

PITTSBURGH, Dec. 16.—(UPI)—U.S. Steel Corp. increased steel prices an average of \$1 a ton today, setting off fears of a new inflationary spiral.

The House-Senate Economic Committee will investigate the price increase.

The price increase is "completely unjustified," said Sen. J. Sparkman, (D-Mt.), "on an extraordinary high price level."

U.S. Steel, he said, is doing more to "insure the whole free enterprise system than all the rest of the country have ever done."

Sen. John F. Sparkman, (D-Mt.), said the raising of steel prices would be "the worst of the year, raising their prices along the pattern set by Big Steel."

U.S. Steel produces more than a third of the nation's steel.

Its price hike will increase costs in the manufacture of automobiles, refrigerators, stoves, washing machines and in numerous other steel-consuming fields.

In Detroit, R. T. Kille, president of Chrysler Corporation, said, "We buy steel, and it costs more, but we naturally the cost is being passed on."

Announcing the price rise in Pittsburgh last night, Benjamin Franklin, president of U.S. Steel, said the increase would "offset and approximate changes in the cost of production, including the substantial higher cost of iron when our new insurance and pension programs become effective."

Contracts providing social insurance and pension benefits have been raised by the U.S. Steel Corp. for the past several years.

Effect Delayed For Canadians

OTTAWA, Dec. 16.—(UPI)—Steel prices increased by 10 per cent in U.S. would not affect Canada until at least next spring, Trade Minister C. D. Howe announced.

Then, he said, the effect would not be very great since Canada was getting more and more of her steel supplies from the United Kingdom.

Huge Bank Note Robbery Still Mystery to Police

By Ronald A. Nicholson

OTTAWA, Dec. 16.—(UPI)—Just a year ago today the supposedly burglar-proof premises of the Canadian Bank Note Company here were robbed of a reported \$100,000.

Top-drawer Royal Canadian Mounted Police officials said today the case still was tagged unsolved in their files.

"The case is still in the same mysterious condition as it was a year ago," one high-ranking RCMP official said. "There have been developments of one sort or another throughout the year but there's been nothing to get excited about."

He stressed that, although investigators were "not enthusiastic" about the case, it was by no means a closed file.

Both companies built up a solid reputation over the years for being unbreakable to the burglar's bag of tricks.

The story of the crime that shattered that reputation started unfolding when the engine clanged up to the bank note building, headed by the bank of Canada's bulging vaults and their treasure trove of millions, last Dec. 16.

The fire was quickly put out but, as Fire Chief Gray Burnett said later, "One chance told me it was a case for the police, not firemen."

Firefighters found the blaze in one of the strongrooms used to store new unissued bills of various denominations. A batch of the unissued notes had been detached from the rolls in which they are bound before being sent to the bank of Canada for signing by Governor Graham Towers.

It was said that the fire obviously had been set to cover up traces of the theft.

When news of the coup came to light, the loot was publicly placed at \$100,000. But estimates later shot it up much higher, with several persistent reports having it well over \$100,000.

Although the bills were not signed, they were authentic in every other detail, police said.

But they said a signature or two wasn't likely to stymie the perpetrators of such an ingenious burglary and they still were watching for a flood on hills that were authentic in everything but the signature of Canada's money maker.

TIMELY TIPS for New Natural Gas Users

Here's what YOU should do to enjoy Better, Cleaner, Cheaper Heating of Your Home this Winter

One Minute To Read

Five Small Jobs

Six Months Comfort

1 When lighting any gas appliance, make sure the gas is OFF before striking a match.

2 When lighting a furnace or a heater, place a match in a lighter rod and proceed as in Number 1 above. A lighter rod can be made by wiring a clothes pin to a long stick—or can be obtained at a hardware store.

3 Make sure that your chimney is clean, is not cracked, and is not partly obstructed by fallen bricks, mortar, birds' nests, or ice.

4 Keep cold air intake room registers clean. They are there to get the cold air out of your rooms so that warm air can come in. Do not obstruct with rugs or furniture. They are necessary for comfortable and healthy circulation.

5 A gas range is not designed as a space heater. Keep the oven door closed to prevent fumes.

For Major Repairs call your Plumber or Gasfitter

UNATTENDED PREMISES

Leaving your home unattended for prolonged periods especially during the winter can be dangerous. When absent from your premises, for any length of time, we suggest you provide someone—a friend, relative or neighbor—with a key in order that they may enter in case of emergency, and see that everything is properly protected.

SHOPPING GUIDE

Men's Comic Aprons
Best Seller at Xmas

By Ben Thrifty

Handy dandy for that Christmas rafter in a comic... but nonetheless practical... apron for the man of the house.

If your husband is master of the household tease him and please him with this durable, brightly printed bibbed apron. It's made of heavy white twill and gives a roly, polly laughing cheer in vivid color. Hot dogs, hamburgers, pickles, relish are added to the gay picture for a laugh.

If your man's a mouse... give him the matching apron with picture of meek little mouse-like man busy drying dishes and covering from a towering wife. This too goes at \$1.98.

Even if he's not handy about the kitchen, friend Ruffy will get a terrific bang out of wearing said apron. Add to the festive but... ever entertaining... parties.

In somewhat similar vein, but more on the ruffian side is a gay little raven half-apron with cocktail recipes splashed over the front.

For the Christmas party beverages is given right on the apron with illustrations to make the whole effort even easier. This little novelty gem sells at \$1.79.

For a splash miss who's glamour... select aprons with... designs.

VITAMINS AND MINERALS, both essential in a good diet, are present in milk. Drink plenty of it.
WHY GROW OLDMineral Importance
Is Underestimated

By Josephine Lowman

We hear and read so much about vitamins and not so much about minerals, yet these are very important in health, too. Minerals are as important to the body that death can occur in cases of extreme deficiency.

For instance, calcium is an important part of your muscles, bones, nerves and teeth. This is widely distributed in food but in small amounts. We get so many refined foods that we are likely to be malnourished in this way. You can take care of

much needed minerals, with the exception of iodine. The best sources are sea foods, water, cereals and vegetables grown in soil which provides a sufficient amount of iodine. You can get iodine in your diet by eating sea foods, water, cereals and vegetables grown in soil which provides a sufficient amount of iodine.

The best sources are sea foods, water, cereals and vegetables grown in soil which provides a sufficient amount of iodine. You can get iodine in your diet by eating sea foods, water, cereals and vegetables grown in soil which provides a sufficient amount of iodine.

YOUR BABY AND MINE

It's Easy for Parents
To Show Partiality

By Myrtle Meyer Eldred

It is never obvious to parents themselves, when they are partial to one member of their flock, they are sure that they love all equally, that they are bitterly resentful if anyone implies otherwise.

One of my acquaintances told me of an instance of a middle child in a fine family, with intelligent, successful parents, who could not understand why this child refused to come to school, with reliable at home and generally a problem.

They applied to a Child Guidance clinic for help and the psychiatrist, who interviewed the family and the child saw all too plainly that this child did not get the same attention as the other two children who were smart, aggressive and good problems.

She advised the parents to make a conscientious effort to give this child more motherly love, and they could of the work she did and to give her the opportunity to realize some talent which the other children did not have.

It was felt that her chief interest was in art work and she was sent to an art teacher and the whole family took an immediate and sincere interest in it.

She blossomed under this treatment and her work in school began to improve. It seemed that all the child needed was to feel that her family associated her, as they did her sister and then she was able to give her time and attention to work outside the home.

It is not to be seen what happens to the other children who are left sitting in the shade. Parents have to honestly evaluate their own feelings toward their children and not whether they are being conscientious or not.

It is not to be seen what happens to the other children who are left sitting in the shade. Parents have to honestly evaluate their own feelings toward their children and not whether they are being conscientious or not.

Toke on Fashion—

The First Spring Suit Fashions Are Ready Now

Suits are the earliest barometers of spring in the fashion world—appearing from now on. Many women—highly included—like to buy a new suit in December to wear under a fur coat for the rest of the winter and have it ready for early spring.

It's pick a suit in one of the new wardrobe or for late winter or early spring. You probably will choose "fashions" and that's just what they look like. Actually the year is divided into the fabric is woven, the name is given.

The best fashion choice is either a red tailored suit with the new low-cutting blouse, or some version of the popular hosiery suit with long-sleeved blouse and stiffened hips.

The best fashion choice is either a red tailored suit with the new low-cutting blouse, or some version of the popular hosiery suit with long-sleeved blouse and stiffened hips.

Bell Is A World-Wide Symbol of Xmas Spirit

"The bell is a world-wide symbol of the Christmas spirit of peace on earth and goodwill to men." In many lands hundreds of bells, many of them centuries old, will ring out their message of glad tidings on Christmas Day.

The bell is a world's oldest and simplest musical instrument, and throughout centuries men have listened to the joyous Christmas bells in connection with the Christmas celebration has grown until there is now no church bell without a special message to the people to whom it is rung.

FAMOUS BIG BELL

One of the most famous bells in the British Empire, "Big Ben" will ring through the British Commonwealth.

Birthday Greetings

With only nine more days left, Tawasi big and small are waiting anxiously for Christmas Day. An important note, commencing in the old Irish, 1180, 80 street, was has been special events in the same month. On Dec. 13 he celebrated his second birthday, and now he can look forward to Dec. 30 and for a visit from Santa Claus. Howard Jamison Tawasi celebrates birthday today are Donald Wijnanski, 1202 82 street, 8 years old; Lorena Vittori, 1031 104th street, 8 years old; and Dolores Lundgren, 1248 95 ave., 11 years old. Happy birthday, Tawasi! Also thanks to Colin and Carol Chubb for the lovely Christmas card.

Work on the Peace Tower of the Parliament Buildings in Ottawa began immediately after the first Great War. The tower and its famous carillon, two projects to Canada were completed in 1927, and the bells were first heard on July 1 of that year. The diamond anniversary of Confederation. And each year since—on Dominion Day, Independence Day and Christmas Day—the tower has been dedicated to the ideals of peace and goodwill to all men.

Uncle Wiggily's Bedtime Story

By HOWARD R. GARIS

As Buster scooted through the woods looking for his horn he was thinking about last Christmas when Uncle Wiggily saw that Santa Claus had lighted the tree, the rabbit grandpas would twinkle his pink nose and hop back up stairs. By this time Buster would be asleep in bed, waiting and listening. He had taken the horn from his nest his pillow where he had placed it on Christmas eve. The Uncle Wiggily would joyfully call "Merry Christmas, Buster! Santa Claus has lighted the tree! Blow the horn and wake up everybody!" Then Buster would know his horn and all the children and grownups would hurry downstairs to the beautiful, jolly Christmas tree.

"And now," said Buster to himself as he hopped on through the woods "the moment has taken me. Christmas horn and I must set it back."

"TOOT! TOOT! TOOT!" sounded the horn again. Buster it seemed to be coming from behind a mulberry bush, where, however it was rather bad to leave. Buster took a look through the bare branches. He saw nothing but a pile of snow. Mr. Doodle's dog, and Mr. Doodle's dog was opening a small box.

Doodle, were you blowing my Christmas horn?" asked Buster.

"No, Buster, I wasn't," barked Mr. Doodle's dog, whose name was Doodle. "I haven't your Christmas horn."

Wins Post

HELENE, age 16 (Rutgers)—Max Pettipiece, foreign minister since 1921, only was elected president of the Swiss Confederation for 1960 with a big majority in both houses of parliament. A Radical-Democrat, Pettipiece succeeds Ernst Kappeler-Schwagerlin, first Socialist president. He remains in charge of foreign affairs, while Kappeler will carry on as finance minister.

Rio Bravo Test Still in Doubt

By Mary Turnbull
Bulletin Finance Editor

Rio Bravo's new well at Escalator was still testing in the D-2 zone this morning.

The well, the Carruthers No. 2, is located only half a mile south of Imperial's Escalator No. 1.

It has been hoped that an extension of the D-2 oil pool will be found.

A rumor yesterday that water had been found at around 2,800 feet indicated that chances of success might be slim, but the only official comment was that the well will be released as soon as testing is completed.

Rio Bravo holds two half-tons of freehold in the Escalator area, about 15 miles north of Edmonton. There's the reason on which the Carruthers test is drilling, and another two miles to the north.

Last week the Imperial-Escalator No. 1 established an initial potential of 750 barrels a day.

Imperial's Redwater producers now test No. 1, while the Carruthers test is being run to mark by the end of the year. Compliments have been averaging four or five a week.

Latest indications are Amelia No. 1 and Escalator No. 2.

The former has an initial potential of 1,200 barrels a day after production with 1,000 gallons. Meanwhile, the Escalator field at the rate of 1,100 barrels daily after production with 200 gallons of acid.

Another try is being made in the Whitman area, this time by the R. W. Development Company.

Word is that a farm on the Imperial Oil.

New Pacifica Whitman No. 2 is bottomed in the Lower Cretaceous. Using 100 barrels of acid, the company has set surface casing to 315 feet.

Farmers cover four well sites on the northwest quarter of section 15-31-20-10. In return for the farm, Imperial will produce 7,500 barrels of oil per acre, well, payable out of ten per cent of production.

Local Cattle Rates Hold

Values were steady in active trade during today's session on the Edmonton livestock market.

With receipts light, a good week end clearance is expected.

Good and choice butcher steers moved out at \$21.50, and good to heavy butchers better realized \$19.50 to \$18. Medium to good cows brought \$12.50 to \$14, and heifers brought \$10 to \$13.50.

Good feeder steers earned \$16 to \$17, with hand-picked breeders shorted up to \$18. Veal calves were steady at \$21, for heavyweights, and \$14 to \$18 for heavier.

Grade A hogs for shipment brought \$28.50, for local points \$25.50. Sows and stags earned \$13.50 and \$10 respectively. Good hand-picked lambs off trucks sold for \$20 to \$22, and off cars for \$20 to \$22.

Receipts totaled: Cattle 545 calves 107; hogs 1,067, and sheep 254.

Choice fed calves 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Grains Show Firmer Tone

WINNIPEG, Dec. 16.—(CP)—A stronger line was displayed in all coarse grains today, during a moderately active session on the Winnipeg grain exchange.

Also attracted a fair shipper demand and barley came in for buying by American houses plus shipping interest, with result that both grain recovered some earlier losses.

Offerings were fair and well absorbed in both, with prices firming up steadily at the close.

Rye was bought by United States houses from time to time, and support was strong enough to balance most offerings.

Flax was inactive, reporting little change from yesterday.

In the export business, 50,000 bushels of Canadian wheat were sold to the United Kingdom under the Anglo-Canadian agreement.

Prices of class two wheat held steady to yesterday's level of 52c.

Another try is being made in the Whitman area, this time by the R. W. Development Company.

Word is that a farm on the Imperial Oil.

New Pacifica Whitman No. 2 is bottomed in the Lower Cretaceous. Using 100 barrels of acid, the company has set surface casing to 315 feet.

Farmers cover four well sites on the northwest quarter of section 15-31-20-10. In return for the farm, Imperial will produce 7,500 barrels of oil per acre, well, payable out of ten per cent of production.

Choice fed calves 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

Choice hogs 19.50 to 20.50; Choice lambs 19.50 to 20.50; Choice steers 19.50 to 20.50; Choice calves 19.50 to 20.50.

\$3 Million Invested In Canada Bonds

OTTAWA, Dec. 16.—(CP)—Canadians have invested about \$300,000 in four-year series bonds.

Sales of fourth series bonds totalled about \$200,000 up to the end of November. The bank said 61,000 subscribers invested \$140,000.

"When a million Canadians earn about \$300,000 for investment in Canada Savings Bonds, they reflect credit on both themselves and their country," said Graham Powers, Governor of the Bank.

He described the response to the fourth series as a "remarkable achievement."

More than 61,000 purchasers invested \$140,000 in the four-year series, while 200,000 individuals bought \$140,000 worth of bonds through investment clubs, banks and other sales agencies.

Western Oils' Trend Irregular

TORONTO, Dec. 16.—(CP)—Industrials climbed slowly upwards on the Toronto Stock Exchange today. A few individual issues featured the upturn following dividend news.

Volume was about 900,000 shares. Western oils were irregular, moving upwards for the most of the day but dipping late in the session as profit-taking sales cut into gains of the four-day advance. Several leaders touched new highs in morning dealings.

Gold edged slowly upwards in comparatively dull trading. Base metals showed scattered advances.

Trade Dull At Calgary

CALGARY, Dec. 16.—Trend was irregular in dull trade today on the Calgary Exchange.

Most stocks moved narrowly to close almost unchanged. A few leaders were recorded at the end of the session.

The Anglo-Canadian dropped five points to close at 10.10.

Hargal, Alcala and Hanna Pete were slightly higher. Coastal and Share were unchanged.

Western Oils

Administrative and natural gasoline production has soared this year. The Petroleum and Natural Gas Conservation Board reports that in the first 10 months of 1949, almost twice as much oil and natural gasoline were produced as in the same period last year.

The board shows that from January 1 to October 31 of this year, 18,722,621 barrels of oil and natural gasoline were taken from Alberta fields. In 1948, 8,863,077 barrels were produced.

A breakdown shows that production peaked at one of the "big three" oil fields, but dropped in another. And in the third field—the 15-month-old Redwater area, 18 miles northeast of Edmonton—close to four million barrels were produced in the first ten months of this year.

Production was up close to five million barrels at Leduc field 30 miles southwest of Edmonton. It was up again in February of this year.

But at Turner Valley—35 miles southwest of Calgary, and the oldest of the Alberta fields—production was down about half a million barrels.

Manufacturing In U.K. Beats Selling Methods

TORONTO, Dec. 16.—(CP)—Andrew D. MacLean, Canadian publisher, said yesterday that Canada will have to accept some payment in sterling for goods sent to Britain.

Recently returned from a tour of United Kingdom industries, Mr. MacLean, president of Hugh C. MacLean Publications here, said in an interview that "there is little wrong with the sale of British products in Canada that half a dozen Canadian advertising agencies could not cure."

"If only the people across the Atlantic would try their selling methods on a medium as large as they have their manufacturing."

Volume was about 900,000 shares. Western oils were irregular, moving upwards for the most of the day but dipping late in the session as profit-taking sales cut into gains of the four-day advance. Several leaders touched new highs in morning dealings.

Gold edged slowly upwards in comparatively dull trading. Base metals showed scattered advances.

The Anglo-Canadian dropped five points to close at 10.10.

Oil Output Soars in '49

Alberta oil and natural gasoline production has soared this year. The Petroleum and Natural Gas Conservation Board reports that in the first 10 months of 1949, almost twice as much oil and natural gasoline were produced as in the same period last year.

The board shows that from January 1 to October 31 of this year, 18,722,621 barrels of oil and natural gasoline were taken from Alberta fields. In 1948, 8,863,077 barrels were produced.

A breakdown shows that production peaked at one of the "big three" oil fields, but dropped in another. And in the third field—the 15-month-old Redwater area, 18 miles northeast of Edmonton—close to four million barrels were produced in the first ten months of this year.

Production was up close to five million barrels at Leduc field 30 miles southwest of Edmonton. It was up again in February of this year.

But at Turner Valley—35 miles southwest of Calgary, and the oldest of the Alberta fields—production was down about half a million barrels.

Field Crop Value 16 P.C. Below '48's

OTTAWA, Dec. 16.—(CP)—A \$1,427,000,000 price tag today was pinned to wheat and other field crops collected by farmers producing during the current crop year.

This figure, down 16 per cent from last year's all-time high, was estimated by the Bureau of Statistics as the fifth highest in history.

It represents the gross value of all principal field crops, not including anticipated participation payments on western wheat, oats and barley which may be announced at the end of the crop year, July 1, 1950.

DOWN \$200 MILLION

Lower by \$200 million from last year's high, the gross value this year also is down \$104,000,000 from 1947's record of \$1,531,000,000, compared with \$1,331,000,000 in 1948.

Declines this year were attributed jointly to lower output and prices. A drop in prices and production in wheat, oats, barley, rye and flax alone was responsible for a total decrease in value of \$237,000,000.

The price of wheat averaged \$1.15 this year, compared with \$1.30 a year ago, oats, 64 cents, compared with 77¢, barley \$1.23 a bushel, down from last year's \$1.31.

Flax averaged \$4.62, compared with \$5.81.

FODDER CROPS UP

Fodder crops and field roots, such as turnips and mangels, did better than other varieties. Both categories were able to maintain higher price levels than last year.

By province, only Prince Edward Island and British Columbia managed to stay on top of the price line, both showing increases in gross value of field crops.

The 1949 wheat crop was valued at \$91,837,000.

Used at \$168,000,000—down nine per cent from last year. Much of the loss was attributed to the harvest—mainly by 25,000,000 bushels from 1948's \$217,000,000.

They were valued at \$201,000,000, down from last year's \$237,000,000; barley at \$103,200,000, a drop from \$148,000,000; rye, \$12,000,000, compared with \$13,000,000.

PAR CRY FROM THE '30's

The gross value of 1949 production was a far cry from depression years. In 1930, during the height of the depression, farmers' field crops were valued at \$400,000,000. The 1948 output is 250 per cent above that.

Alberta took the biggest cut in field-crop gross value of Alberta's crops was estimated at \$230,500,000—down \$100,512,000 from last year.

Saskatchewan's drop was \$98,000,000 from last year's \$436,520,000; Manitoba \$24,360,000 from \$229,240,000; Ontario, \$27,000,000 from \$178,200,000; Quebec, \$11,300,000 from \$116,700,000; New Brunswick, \$4,300,000 from \$25,000,000; Nova Scotia, \$2,000,000 from \$12,000,000.

Gross value in Prince Edward Island increased \$1,000,000 from last year's \$1,000,000; and in British Columbia \$750,000 from \$20,500,000.

The average of potatoes went down from \$1.60 a hundredweight to \$1.50 and sparsely a drop of almost 25¢. The price line, both showing increases in gross value of field crops.

The 1949 wheat crop was valued at \$91,837,000.

Used at \$168,000,000—down nine per cent from last year. Much of the loss was attributed to the harvest—mainly by 25,000,000 bushels from 1948's \$217,000,000.
